(800) 561-4644

Members of ABS and other interested individuals are invited to submit formal papers, informal discussion topics, open refereed roundtables, open informal discussion roundtables and proposals for an organized session (including: Regular Topical Sessions, Author Meets Critics, Regional Spotlight Sessions, Thematic Sessions, Workshops, etc.) for inclusion in the 2006 Annual Conference Program. Those interested in submitting papers and/or organizing a session should **submit requests via email to Juan Battle <jbattle@hunter.cuny.edu>, 2006 Program Chair, by May 1, 2006**. Complete details about organizing program sessions and organizer responsibilities will be emailed to those whose requests have been granted. *ALL* Presenters and Session Organizers must be members of ABS and must register by the early registration deadline in order to be included in the final printed program.

This year's conference will boast many exciting intellectual and social events — a Black history tour, joint receptions, a very unique “house party,” and special panels on professional development as well as panels discussing the lasting effects of the impact of 2005 hurricanes Katrina, Rita and Wilma.

Send papers and proposals for program sessions to:

Prof. Juan Battle <jbattle@hunter.cuny.edu>

For membership information, contact:
